

Upgrade Your Calling Experience

**WORK ANYWHERE**

Take your VoiceONE IP phone anywhere the job requires. All you need is a high-speed Internet connection and your phone can connect to the VoiceONE Cloud. Take your IP phone home, on the road, or to a remote office, plug it in to the Internet and connect instantly to the VoiceONE Cloud regardless of location.

**FLEXIBLE OPTIONS**

One size never fits all and your business has a variety of unique requirements for each user and phone location. Our IP phone options provide a flexible range of feature rich desktop devices designed to get the job done. From the executive video enabled phone to the basic common room phone, Accent's IP phones provide a quality user experience each and every time a call is made.
